

**Children's
Discovery
Center**

**Balloon
Ride**

At the Children's Discovery Center, I can act like I am riding in a balloon. The balloon will rock back and forth.

This is an activity for fun and learning.
The balloon moves but it will not really fly
into the sky. It is safe.

I can walk into
the basket and
stand in it.

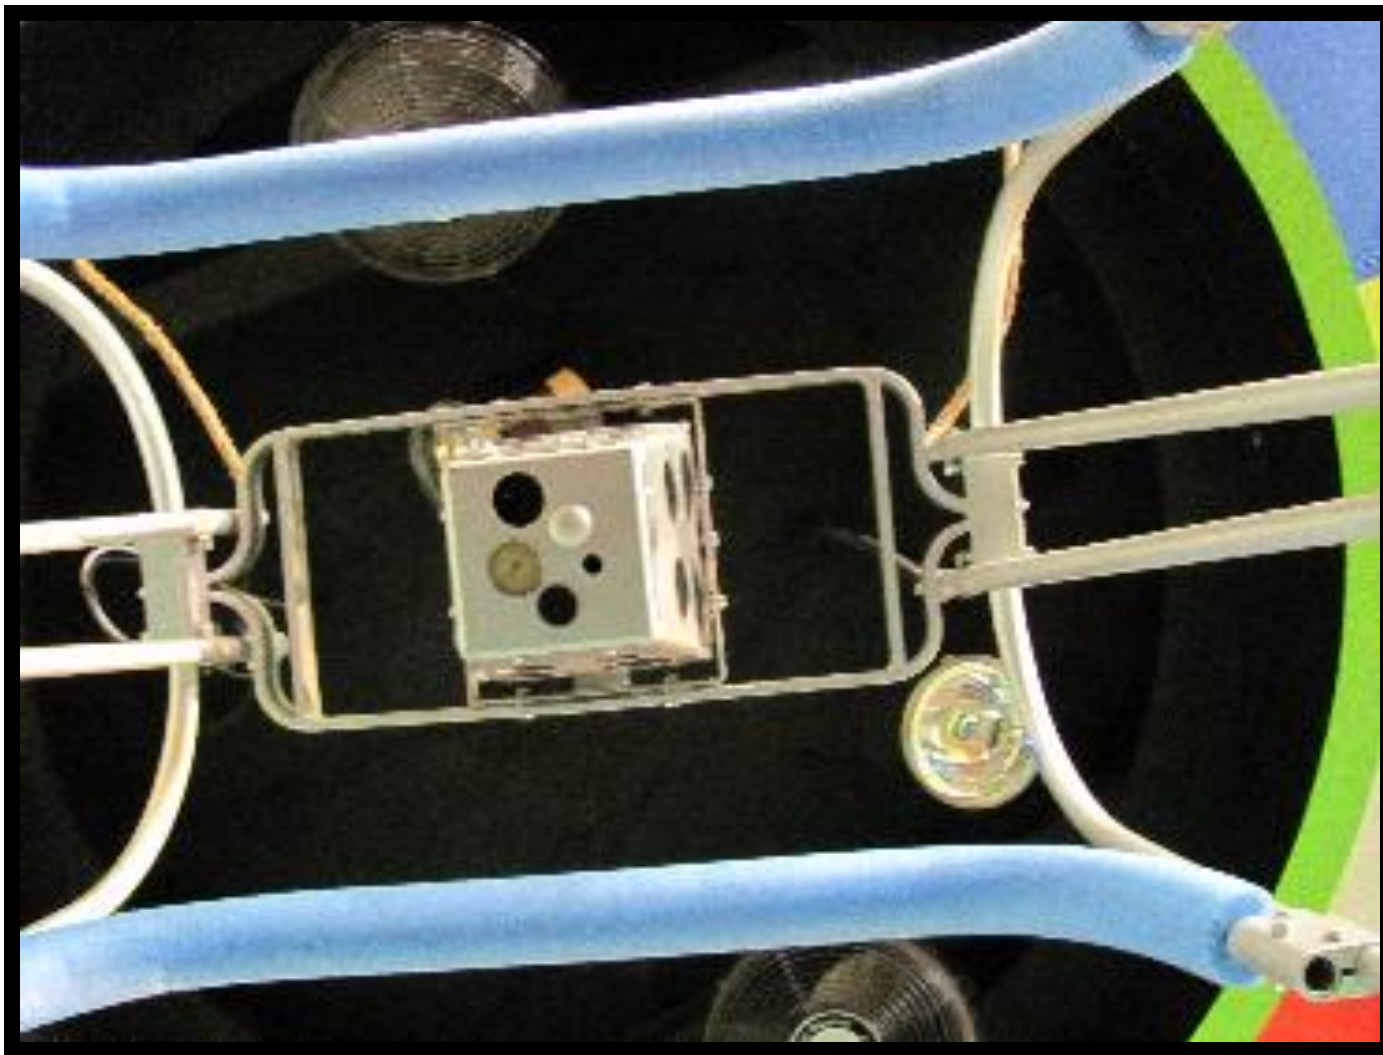

A sign says no more than 4 people can be in the balloon basket at once.

I can get in by myself or with someone I know.

The basket is very thick and strong.

When I look up, I can see metal parts. I see some fans and lights.

I can push the button to start the balloon ride activity.

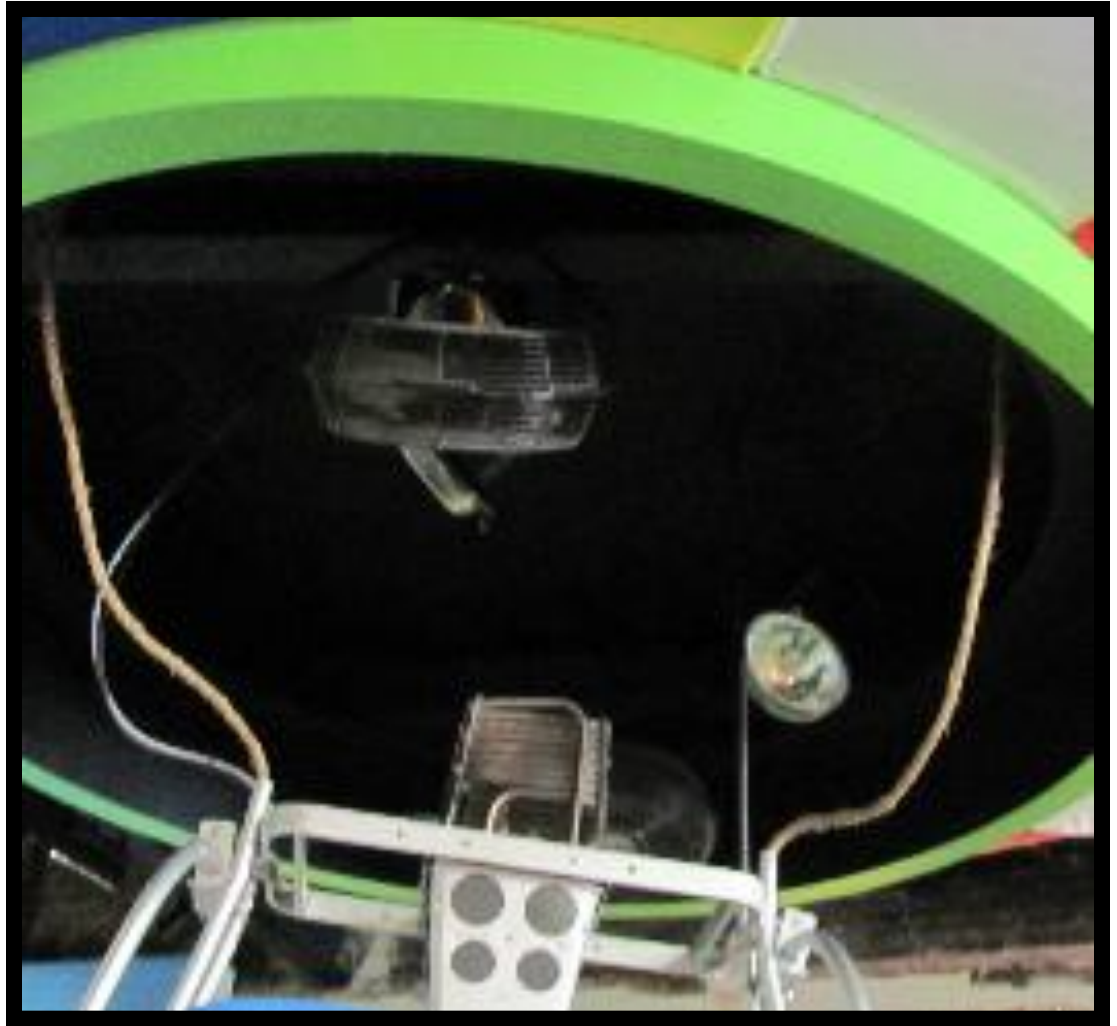

I can look outside of the basket.
I can see pictures on screens.

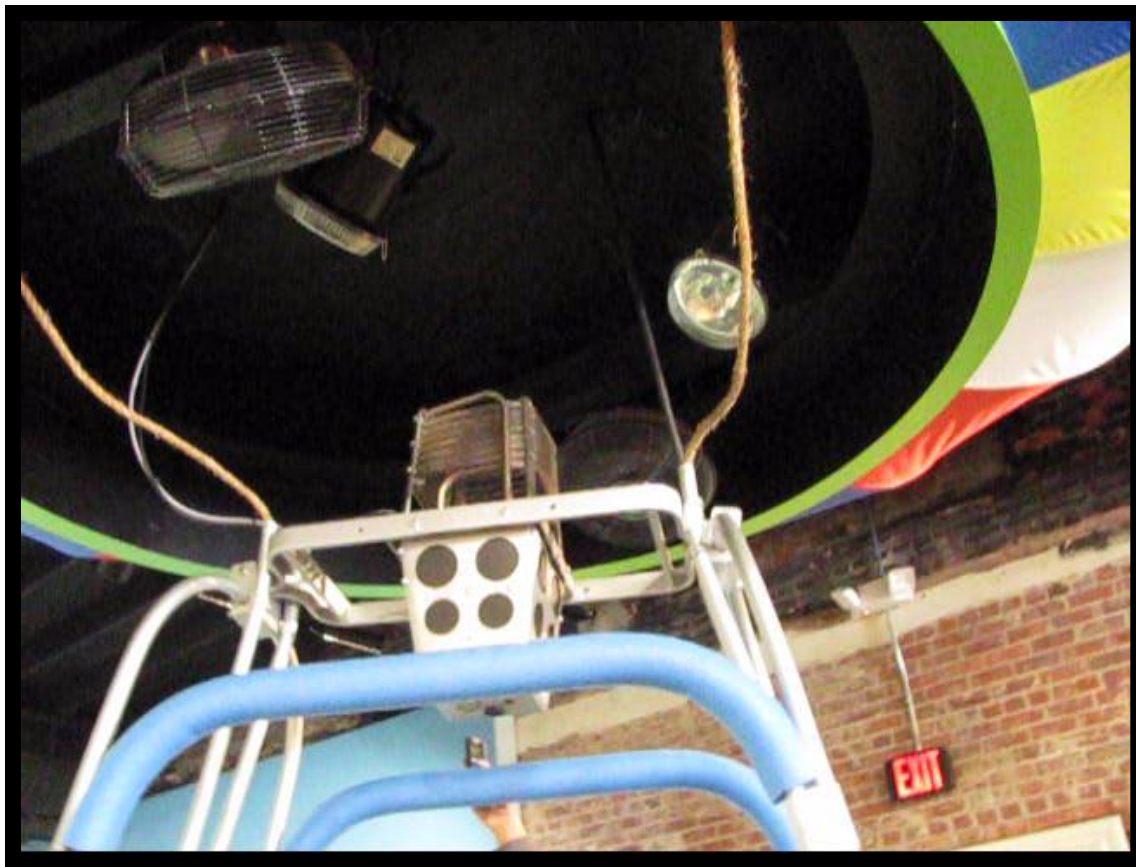

I can hear a man's voice on a speaker.
It talks about things a person might
see on a balloon ride over Louisiana.

Sometimes
the fans
above me will
blow air.
Sometimes
the lights
will flash like
lightning.
This is a
pretend rain
storm.

This is okay. I can
stay in or get out.

The balloon ride moves. It has fans blowing and lights flashing. This is to make me feel like the balloon is flying.
