

Children's Discovery Center

Waterfront Area

The waterfront area has a little seafood market and a boat to play in.

The boat has a steering wheel and a lever inside.

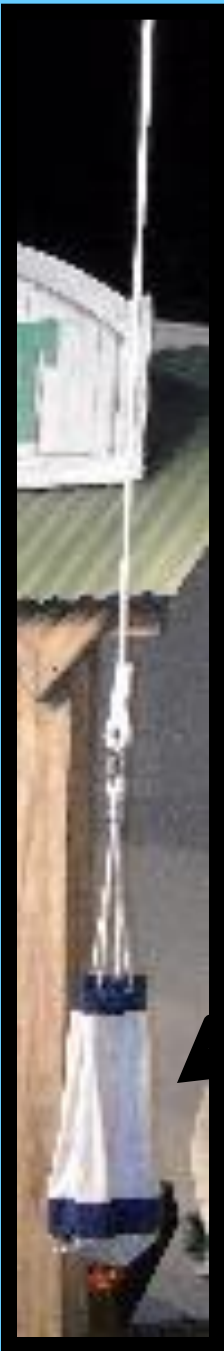

I can turn the wheel and act like I'm driving the boat.

[click picture to see video]

I can climb
up the rope
ladder.

There is a canvas bag hanging on a rope. I can fill it with toy seafood.

I can raise and lower the canvas bag with the rope and pulley.

[click picture to see video]

Next to the boat I might see containers of toy fish, crabs, shells and lobsters.

This area is called the "Market". I can look at the big sign.

**There are wheelbarrows in the market.
I can put the toy seafood into the
wheelbarrows.**

**The waterfront area at the
Children's Discovery Center is okay!**
